Vadodara, Gujarat, India

PROFESSIONAL SUMMARY

Aspiring Cybersecurity Professional with hands-on experience in ethical hacking and penetration testing. Strong foundation in network security, cryptography, and compliance frameworks including ISO/IEC 27001:2022. Demonstrated expertise in audit principles, governance, risk management, and compliance (GRC). Committed to protecting organizational assets through proactive security measures and continuous learning.

EDUCATION

Parul Institute of Engineering and Technology <i>Bachelor of Technology in Cyber/Computer Forensics and Counterterrorism</i>	Vadodara, Gujarat 2027
Gujarat Secondary and Higher Secondary Education Board (GSEB) <i>Higher Secondary School Certificate - Science Stream</i>	Gujarat 2023

EXPERIENCE

Cybersecurity Intern <i>Hacktify Cyber Security</i>	February 2025 - March 2025 Remote
- Conducted vulnerability assessments and penetration testing on client systems to identify security weaknesses - Assisted in developing security policies and procedures aligned with industry best practices - Performed network security analysis and monitoring to detect potential threats and anomalies - Collaborated with team members on security audits and compliance assessments - Documented findings and provided remediation recommendations to enhance security posture	

TECHNICAL SKILLS

Security Domains: Penetration Testing, Ethical Hacking, Digital Forensics, Network Security, Malware Analysis
Compliance & Frameworks: ISO/IEC 27001:2022, GRC (Governance, Risk Management, Compliance), Audit Principles
Operating Systems: Linux, Windows, Kali Linux
Security Tools: Wireshark, Nmap, Metasploit, Burp Suite, Autopsy, Splunk
Programming & Scripting: Python, Bash, PowerShell
Networking: TCP/IP, Network Protocols, Firewalls, VPN
Cryptography: Encryption Algorithms, AES, DES, Hashing Algorithms

CERTIFICATIONS

ISO/IEC 27001:2022 Lead Auditor - Information Security Management Systems
AI Foundations Associate
Network Security Practitioner (CNSP) - Cybersecurity Certification
Cryptography and Network Security - Advanced Security Concepts
Cybersecurity Foundation - Core Cybersecurity Principles
Introduction to Linux (LFS101) - Linux Fundamentals and Administration

ACHIEVEMENTS

Secured 8th Position in Jaipur Cybrathon 2K26 Cybersecurity Competition
Participated in ESCHATON CTF Qualifiers 2026, demonstrating cybersecurity, problem-solving, and technical analysis skills
Participated in TechExpo 2025 showcasing geatures based elearning platform for childrens innovations
Participated in Project Morpheus organized by Sinhgad Institute of Technology, Lonavala

PROJECTS

Portfolio Website - Developed a personal portfolio website using TypeScript to showcase projects and professional profile. Implemented responsive design and modern web development practices. [GitHub](#)
Phishing Link Identifier - Created an HTML-based tool to detect and analyze phishing URLs, helping users identify malicious links and protect against phishing attacks. [GitHub](#)
Cyber Game - Developed an interactive cybersecurity awareness game to educate users about common security threats and best practices through engaging gameplay
